Education

Canara Engineering College

B.E. in Information Science & Engineering, 2026

CGPA: 9.2

M.E.S PU College Sirsi

Pre-University, 2022

Percentage: 90.16%

Ave Maria High School Sirsi

High School, 2020

Percentage: 90.88%

Experience

Java Application Development Intern

Jun. 2025 – Jul. 2025

Sasken Technologies Ltd.

Tech Stack: Java, Spring Boot, React.js, MySQL, REST APIs, Git

- Contributed to development of **EvalEase – a Feedback Collection and Analysis Portal**.
 - Built full-stack system with **customizable forms**, automated reporting, and analytics dashboards.
 - Developed role-based dashboards for **Admins** (form creation, analytics) and **Employees** (feedback submission).
 - Collaborated with peers on integration, debugging, and performance testing to ensure system reliability.
-

Skills

Languages: HTML, CSS, C, Java, Python, JavaScript, SQL

Tools: VS Code, Eclipse, GitHub

Soft Skills: Communication, Quick Learner, Teamwork

Certifications

- Problem Solving Through Programming in C – NPTEL
 - Java Programming – NPTEL
 - JavaScript Basics – Coursera
-

Projects

Money Manager Application

- Enables users to securely record and manage their income and expenses in a centralized system.
- Provides categorized transaction management to help users track and analyze their spending habits.
- Displays an interactive dashboard and detailed reports to give users a clear overview of their financial status.
- Allows users to export financial data for record-keeping and further analysis.
- **Tech Stack:** Java, Spring Boot, React.js, MySQL

Retinal Abnormality Detection

- Built Deep Learning model using U-Net achieving **95.04%** accuracy.
- Prepared the dataset for training the model using roboflow.
- Implemented segmentation and classification for CNV, Drusen and DME.
- Automated preprocessing pipeline with denoising and **CLAHE** to improve image quality and robustness.
- **Tech Stack:** Python, Deep Learning
